**A LUCKY HOSTLER.**  
In the Midst of Destruction Last Night, But not Injured.  
A small, but nevertheless, costly wreck occurred on the Southern Railway yard here about 3 o'clock this morning. A short while after the colored excursion returned from Danville, Hester McClure, of the yard force, took the engine that pulled the train, and started to the coal chute just after passing the trestle over the Atlantic & Yadkin track, he sighted a shifting train coming on the main line from a siding. The train was moving fast and, as none of the crew were in a position to see the engine, the hostler saw that his engine was doomed. He slowed up, but was too late and as his engine reached the end of the siding it was struck broadside by the front car of the shifting train. How the hostler escaped is a miracle. The cab was torn from above and around him, the tender of his engine was knocked off and hurled down the embankment, the steam chest was badly bruised, the driving rods were bent and all the right side of the engine considerably damaged. The track under the engine was bent like hoop iron. And yet the hostler was not injured in the least.  
The car which struck the engine was thrown off its trucks, though but slightly damaged otherwise. The wreck was cleared off early this morning and the engine is being prepared for a trip to the shops.

**AN ENJOYABLE RECEPTION**  
Tendered by Judge and Mrs. W. P. Bynum Jr., Last Night.  
It was quite a recherche and enjoyable reception given by Judge and Mrs. W. P. Bynum Jr., last night, at their home on Arlington street, complimentary to Miss Mattie Horry, who is visiting in Greensboro the guest of her cousin, Miss Horry.  
The weather had turned just cool enough for pleasurable dancing, in the three rooms of the beautiful residence, which had been arranged for that purpose. Together with dancing and "small talk" the evening of amusement lasted until 1:30. Refreshments—all that should be—were served at midnight.  
Following is a list of the guests.  
Miss Mattie Horry, of South Carolina; Misses Virginia and Imogene Bernard, Julia Settle, Frances O'Brien, Madeline Douglas, Mabel Kase, May Small, Hawkins, Berrie Ballard, Lettie Shober, Annie Glenn.  
J. E. Avery, Clarence R. Brown, W. T. Powe, John S. Michaux, R. D. Douglas, S. A. Douglas, Appleton Staples, A. K. Horry, Temple Horry, Horry, and John Glenn.

**GUILTY OR NOT GUILTY?**  
Case Against Alleged Rapists Still Being Argued.  
The case against the two colored boys charged with criminal assault, has occupied more time in court than was expected. The taking of evidence was finished yesterday afternoon and R. D. Douglas opened the argument for the prosecution, making an able speech. G. Ram Bradshaw for the defense followed this morning and he in turn was followed by Col. John A. Bawinger, also for the defense. Solicitor Brooks is now making a ringing speech for the prosecution and as it is the last case will probably be given to the jury by 3:30 or 4 o'clock.

**School Notes.**  
All the city public schools except No. 3 white, will open next Friday. It is very important that all enter on the first day as the work begins on that day.  
Examinations for all new white pupils will be held by the superintendent at his office on Wednesday and Thursday mornings of this week from 9 to 12 o'clock; on Wednesday for pupils from 8 to 12 years of age; on Thursday for those from 12 to 21.  
On Friday the 1st of books will be given and the lessons for Monday will be assigned to all pupils holding tickets of admission. As soon as this has been done they will be dismissed until Monday.  
All children who failed to get tickets of promotion last session will be examined by their grade teachers on Friday morning.  
On Thursday morning the colored principals will examine all new pupils who desire to enter the colored schools. The superintendent will be in his office every morning this week at 9 o'clock to consult with parents or children who wish to see him.  
At the earnest solicitation of friends I have decided to open a private kindergarten on September 18. Having been in the work for the past six years I assure the public of them thorough and up to date kindergarten methods.  
Mrs. Margaret Y. Johnson, 305 W. Washington street.  
Don't forget to look at Shrier's line of School Shoes. He has just what you want for the little folks.

**COL. CORDIER WON OVER**  
To the Side of the Prosecuted Dreyfus.  
**CONVINCED OF HIS INNOCENCE**  
There is No Truth in the Story By Mercier of the Thirty-Five Million Franc Fund.  
By Cable to THE TELEGRAM.  
Rennes, August 29—Col. Cordier testified that he had never heard of the prisoner was first shaken when the date of the bordereaux was given as May. Later, the witness declared that he is now convinced that Dreyfus is innocent. Witness explained that Henry is jealous of Picquart because the latter has charge of the office of statistician, which Henry hoped to get himself. Corlier expressed the belief that because of Picquart, Henry suicided.  
Former Minister of War Freycinet testified that he had never heard of any money being raised abroad to foster a campaign of revision. This showed that there is no truth in Mercier's story of the thirty-five million franc fund.

**ALL FALSE.**  
Rennes, August 29—Gen. Roget confronted Cordier and asked the latter what part of his depositions were false. Cordier said all were false.  
**IN SIGHT OF WAR.**  
The Seriousness of the Transvaal Crisis.  
By Cable to THE TELEGRAM.  
London, August 29—The afternoon papers commenting upon the latest utterances of Kruger unanimously agree as to the seriousness of the Transvaal crisis, but at the same time express uncertainty as to the nature of the concessions beyond which Kruger must not go.  
The Westminster Gazette admits that the country is in sight of war.

**GEN JOSEPH WHEELER**  
Will be Assigned to a Command at Once.  
By Cable to THE TELEGRAM.  
Manila, August 29—Gen. Wheeler has been ordered to report to McArthur to be given his command in Funston's brigade. He will proceed to San Fernando tomorrow. The general expressed himself as much pleased with the situation. He says Otis will make rapid progress when he gets more troops.  
**For the Philippines.**  
By Wire to THE TELEGRAM.  
San Francisco, August 29—The Pueblo sails today with 650 troops; the Warren leaves on September 1 with 1,200; the Columbia, September 5, with eight hundred. This takes practically all at Presidio. Another Bittish steamer has been chartered.

**The Alabama.**  
By Wire to THE TELEGRAM.  
Delaware Breakwater, August 29—The battleship Alabama passed out to sea on her trial trip this morning.  
**MR. E. K. SMOOT'S CONTRACT.**  
A Durham Man Is to Construct Harbor Works at Manzanillo for Mexico.  
Raleigh, N. C., August 28—A special to the News and Observer from Durham, says Mr. Edgar K. Smoot, a son of Mr. W. H. Smoot, of Durham, has secured a big government contract in Mexico. It is for the construction of harbor works at Manzanillo, on the Pacific coast.  
The exact amount of Mr. Smoot's contract is \$5,735,760. Mr. Smoot has had much experience in harbor works, his last contract having been at Galveston, Texas. He is a member of the American Society of civil engineers and possesses the fullest confidence of the Mexican government.

**FORTY-SEVEN NEGROES IN JAIL.**  
The Town Quiet, but Still Under Military Guard.  
Darlen, Ga., August 28—Several more of the negro ringleaders of the riot were arrested today without difficulty. There are now 12 in jail here, and 35 in jail at Savannah. These will all be arraigned in the superior court, in special session, on Wednesday. The town is perfectly quiet and presents no unusual appearance, except for the blue uniformed soldiers on every street. Colonel Lawton is satisfied that the danger is over, though the troops will remain until after the trial of John Delegal for the murder of Deputy Sheriff Townsend, as a measure of precaution.  
The negroes are coming to understand that the presence of the troops is not a menace, but a protection to them, and they are coming in and laying down their arms. The probabilities are that during Wednesday the troops will withdraw.  
Forty-five pairs of misses and girls sandals at Thacker & Brookmann's to sell at and below cost.

**NOTES FROM HIGH POINT.**  
The Local News From Our Neighbor Briefly Told.  
TELEGRAM BUREAU }  
HIGH POINT, N. C., August 29.  
You are cordially invited to come to the Methodist church tomorrow evening (Wednesday) at 8 o'clock and hear M. Matsumoto, a native of Japan, deliver a lecture on the manners and customs of the people of his country. Admission free.  
The distance from Archdale to this place is four long miles and about that number of pretty young ladies walked yesterday morning in sixty five minutes. "Just for fun," they said, in answer to questions about their daring trip. The charming Miss Anny Tomlinson led the party.  
Miss Annie Pleasant, of Greensboro arrived in the city last evening for a visit to her sister, Mrs. O. N. Richardson.  
Miss Nellie Dundas came home on the local last evening.  
Miss Annis Wheeler spent last night in Lexington.  
John Hammer, of Greensboro, was in town yesterday.  
H. L. Herley, of Utica, N. Y., spent yesterday in town.  
Mrs. Rickel and children returned home last evening.  
J. T. Presson returned from Hickory yesterday, after an absence of several weeks due to the illness of his wife.  
D. B. Bodenhamer and W. B. Steele went to Winston yesterday on business.

T. D. Young, of Rochester, N. Y., and John R. Rose, of Charlotte, spent last night in the city.  
J. P. Gardner who has been indisposed for several days at his home in Selma, writes that he expects to come to High Point on tonight's train.  
Aunt Harriet Robbins, an old and respected lady who died here yesterday, was buried this morning.  
Walter Chandler has accepted a position as messenger boy at the depot.  
F. N. Tate returned to Charlotte last evening.

**BIG DAY AT BENSON.**  
The White People of Johnston Enthusiastic for the Amendment.  
Benson, N. C., August 28—Saturday was a big day for good government in Johnston county. For some weeks the radicals in this county have been going about the county organizing what they call "colonization leagues" and trying to get white men to join them in order, as they said, to colonize the negro in some other country. As a matter of fact, instead of being colonization leagues they are anti-constitutional amendment leagues, started and run in the hope of deceiving the people into voting against the amendment. The democrats have caught on to the new secret revival of the union league and its end is near at hand.  
This has been the place where the radicals expected to make a strong stand, and when E. W. Pou and Sheriff Ellington came out to speak a radical by the name of Stanwell sought to reply to Mr. Pou. The crowd was not in a humor to hear him and Mr. Pou had to ask them to give him a chance.

The enthusiasm for the amendment was unlimited. We have utterly demolished the colonization scheme of our enemies.  
**Shocking Revelations.**  
The testimony given before the committee at Halifax investigating the treatment of the convicts on the State farms shows shocking brutality on the Northampton farm, and tolls in this testimony comes not from outsiders, but from employees holding positions under the State. Murder, brutal beating, neglect and starving the victims of brutality, are among the atrocities, and yet the men who committed them are not in the penitentiary wearing stripes, as they should be, if they had their deserts.  
These are not outrages of recent occurrence, and why is it that no effort was made by the authorities to investigate those atrocities after public attention had been called to them through the press, until a Democratic Legislature took it in hand? Did the men who were responsible for the appointment of these savages seek to screen them lest exposure would hurt the party? That's the only way to account for their silence and inaction, and the encouragement they gave this savagery by this inaction and at least seeming tacit indorsement. What a pitiful record; every time it is touched it reeks with offensive odors and the more it is touched the more it reeks.

Thacker & Brookmann still have in stock several dozen pairs infants and small childrens tan and black sandals which they don't want to carry over and will sell at cost or less.  
A new and complete line of School Shoes at Shrier's. Examine them before buying elsewhere. 20-51

**THE KENTUCKY SITUATION.**  
Too Early Yet to Tell the Extent of the Democratic Revolt.  
**CHANGES IN THE POSTOFFICES**  
In North Carolina—Various Other Occurrences of More or Less General Interest.  
Special to THE TELEGRAM.  
Washington, August 29—Representative Rhea, of Kentucky, one of the most popular members of the delegation in congress from that state, is in Washington. Before the nomination of Mr. Goebel for the governorship, Mr. Rhea was not a supporter of that gentleman, but after he became the regular nominee of the party, he lost no time in getting in line for the candidate. Mr. Rhea when seen would not indulge in any predictions as to the probable success of the democratic ticket in the state this fall. He has made some speeches thus far during the campaign, and before long will go to work actively for the ticket. Mr. Rhea has the reputation of being a strong campaigner, and is said to be one of the best stump speakers in the state, and his support of Goebel is expected to be of considerable value to that gentleman. In speaking of the chances of the ticket, Mr. Rhea said that it was too early to tell the extent of the revolt among the democrats, but the fact that Hardin and Stone have both concluded to support the regular ticket, indicates that the old-time leaders of the party will get in line before the campaign closes.  
Another well known Kentuckian in Washington, is Mr. Frank Gregory, of Louisville. Mr. Gregory is a newspaper man, being managing editor of the Louisville Dispatch. The Dispatch from the time it was started has been a supporter of Col. Bryan, and is still in line for the Nebraska ticket. The paper is, however, opposed to Mr. Goebel, and according to Mr. Gregory, no less than thirty democratic papers are opposing the regular nominee. It is Mr. Gregory's opinion that Goebel's election is hardly a possibility, as he says the bolt against him is steadily increasing in the state.  
The prospects are that the coming Agricultural Convention to be held at Cincinnati will be a great success, and will be largely attended. It is said that delegates will probably attend from North Carolina, South Carolina, Virginia, and other southern states. The governor of South Carolina has already appointed delegates, among them being Senator Benjamin R. Tillman, and Representatives Norton, Stokes, Latimer and Talbert.  
The convention is to be in the nature of a congress, and an exposition, and is to be held from September 25th to October 7th, inclusive. The delegates who attend the congress are expected to meet their own expenses. It is thought by the promoters of the scheme that it will result in much good to the agriculturists of the country.

Last Saturday Representative Young, of Norfolk, Va., was in the city. Accompanying him was Mr. Brook, his attorney in the contested election case of Wise against Young, which will be brought to the attention of the congress, at its coming session. Both Mr. Young and Mr. Brook are satisfied with the status of the case of the former. They say that Dr. Wise has nothing upon which to base a contest for a seat in the United States House of Representatives.  
In speaking of politics in the Old Dominion, Mr. Young is of the opinion that Senator Martin will be re-elected to the senate, and he says that the Norfolk people are for Martin by a large majority.  
It is announced that cards have been issued for the marriage of Lieutenant Walter Cox, of the United States army to Miss Annie Brown McCormick, of Berryville, Virginia. The ceremony will take place at the home of the bride, on Wednesday evening September 6th, at 7 o'clock. Several invitations have been received by the friends of the bride in this city.  
Star service has been established in North Carolina as follows: Blunk, by Currieville and Lashorn to Carthage, 14 miles and back, three times a week, by a schedule of not to exceed 44 hours running time each way. From September 16th, 1899, to June 30th, 1900.  
H. J. Hirschinger, of Charlotte, is in Washington for a few days. He is stopping at the St. James Hotel.

**The Revival Meetings.**  
Evangelist Hodgkin preached last night on the second coming of Christ as a doctrine held by all the denominations. He showed the importance and condition of being ready for it. He has come to Greensboro desiring a victory for truth and righteousness and is on the winning side. The interest is deepening in the meetings. They will continue every night this week. There will be a service tomorrow at 10 a. m. Take your Bibles.

**SIR THOMAS ON THE WAY.**  
The Owner of Shamrock Starts for This Country.  
Queenstown, August 28—A throng of friends boarded the Cunard liner Campania, from Liverpool to New York, on her arrival here, to welcome and bid farewell to Sir Thomas Lipton. The owner of the America's cup challenger expressed entire satisfaction with the arrangements of the committee of the New York Yacht Club.  
"If the Shamrock wins the cup," he said, "Royal Cork will be the first place on this side where I shall exhibit it."  
Sir Thomas intends entertaining a party on board the steam yacht Erin, and among his guests will be Baron Russell, of Killowen, Lord Chief Justice of England, and now a member of the Venezuela boundary arbitration tribunal; Rear Admiral Lord Charles Beresford, Conservative member of Parliament for the city of York, and Arnold Morley, former postmaster general.  
He received the heartiest kind of an Irish send off from the deck of the Tender as the Campania sailed.

**IN A CRITICAL CONDITION.**  
Little Mabel Hart Scalded by Play Steam Engine.  
Dexter, N. C., August 26—Little Mabel, aged 7 years, daughter of Robert J. Hart and grand daughter of B. I. Breedlove, was badly scalded yesterday caused by a powder keg steam engine or play thing that was fixed by a negro and unbeknowning to the family. She is scalded from head to feet on the left side and her condition is critical. Her brother Roy Cooper was slightly scalded at the same time. Less than a year ago Oscar Breedlove was dangerously scalded by boiling coffee at the same home.

**Jumped the Track.**  
By Wire to THE TELEGRAM.  
Ottumwa, Iowa, August 29—A Rock Island passenger train jumped the track this morning, leaping down an embankment. Eight were injured.

A residence in an apartment house might be termed, "Home, suite home."

TUESDAY, AUGUST 29, 1900.

Judge W. S. O'B. Robinson says  
that Salisbury has the best bar in the  
state save Carthage and Charlotte.

The exodus of negroes from Wil-  
mington, Raleigh and other North  
Carolina cities to New York and other  
northern places, continues. Greens-  
boro is proving to be a pretty good  
recruiting station, too. An agent  
here has sent off quite a number of  
colored cooks and other servants re-  
cently.

The most amusing feature that has  
yet been pulled off at the Rennes court  
martial was the Bertillon demonstra-  
tions. M. Bertillon, the handwriting  
"expert," is a very great fraud and a  
much greater knave, and, though paid  
to do it, has failed to furnish any evi-  
dence against Dreyfus. That stern  
aspect which the gravity of the  
charges against the prisoner lent the  
case, has been very agreeably relieved  
by Bertillon's dismal failures.

Summer is about over, and though  
there will be more hot weather yet, the  
autumn may be said to have already  
begun. Our merchants are already  
receiving their fall goods and soon  
will the natural revival of trade  
conditions occur. Greensboro is on a  
steady build-up, many excellent houses  
of business being in course of erec-  
tion. With the early beginning of ex-  
penditures of the money from our big  
bond issue, coupled with the many  
other healthful causes for prosperity,  
our city must—indeed she must—soon  
lead all her sister cities of the state in  
the race for industrial pre-eminence.

One of the oddest things connected  
with these latter years since Uncle  
Sam has developed such remarkable  
proclivities toward strife, is the total  
disappearance from the theatre of pu-  
blic notice of General Fitzgibbon Lee.  
When the Americans were training  
at their bonds to get at the necks of  
the Spaniards, this noble Virginian  
was the nation's idol. His fame had  
been heralded from center to circum-  
ference, and the people wanted him to  
lead the conquering legions to Cuba.  
But McKinley foresaw in Lee's growing  
popularity his own disparagement—  
a dimming of the glory that would  
otherwise accrue to the administration.  
Lee was very quietly "shelved." There  
are few people who know even his  
whereabouts at present. He is gov-  
ernor of a Cuban province, but is  
neither Governor of Cuba nor Gov-  
ernor of Havana. The solar plexus  
that McKinley gave him did the work  
very completely.

The poorest man in the United States  
as long as he confines his wanderings  
to this country can travel in state.

## HE HAD EXPERIENCE

But He Did not Want to Rob the  
Merchant.

Recently a merchant advertised for  
a book keeper, stipulating that if the  
applicant could show satisfactory refer-  
ence he might expect a salary of \$3  
per week. In answer to this tempting  
offer the following application for the  
job was received:

"I am a young man 37 years old,  
having had a business experience of  
twenty-three years, being connected  
with the United States embassy at  
Madagascar, and feel confident if you  
will give me a trial that I can prove  
my worth to you. I am not only an  
expert book keeper, proficient stenog-  
rapher and typewriter, excellent op-  
erator and erudite college graduate,  
but have several other accomplish-  
ments which might make me desirable.  
I am an expert snow shoveler, a first  
class peanut roaster, have some expe-  
rience in removing surplus hair and  
clipping puppy dogs' ears, have a  
medal for reciting 'Curfew Shall Not  
Ring Tonight,' am a skilled chiropo-  
dist and practical farmer; can also  
cook, take care of horses, grease trou-  
sers, open oysters, and repair umbrel-  
las. Being possessed of great physi-  
cal beauty, I would not only be useful  
but ornamental as well, lending to the  
sacred precincts of your office that de-  
lightful artistic charm that a Satsuma  
vase or stuffed billy goat would. As  
to a salary, I would feel that I was  
robbing the widow and swiping the  
sponge cake from the orphan if I were  
to take advantage of your munificence  
by accepting that too fabulous sum of  
\$3 per week and I would be entirely  
willing to give my services for less,  
and by accepting \$1.37 per week would  
give you a chance to not only increase  
your donation to the church, pay your  
butcher and keep up your life insur-  
ance, but also to found a home for in-  
digent fly paper salesmen and endow a  
free bed in the cat home."—Exchange.

## A FIRE-SWEPT CONVENT.

Lives of Three Hundred and Sixty-  
five Women Imperilled.

New York, August 28.—A furious  
fire swept away all but one of the nine  
wooden buildings of St. Agnes Con-  
vent, at Sparkill, N. Y., early this  
morning, causing four deaths, the in-  
jury of at least thirty persons and im-  
perilling the lives of 365 inmates of the  
institution, who were surprised by the  
flames as they slept.

The watchman in the convent dis-  
covered a bright glare of flames just  
before 1 o'clock and gave the alarm.  
The ringing of the chapel bell and the  
cries of the frightened inmates sudden-  
ly aroused the sisters and awoke 315  
sleeping children, and all fled in every  
direction for safety.

A light wind urged the flames on  
and the wood of which the buildings  
were composed made splendid fuel for  
the flames.

All the inmates had to flee for their  
lives. Many were shut in by smoke  
or cut off by flames. Dozens leaped  
from the windows and scores were  
carried out by the sisters and others  
who had rushed to the scene. The only  
structures not totally destroyed were  
the hospital and barn.

Besides the four dead one of the in-  
mates (who went into the burning dor-  
mitory to rescue a child) is missing  
and believed to be dead. Several of  
the injured will die.

More than thirty boys were injured  
in the mad scramble for safety after  
the alarm was given. All of the  
wounded were taken to St. Joseph's  
Convent hospital. The Dominican in-  
stitution is a mile and a half from  
Sparkill. Some of the boys there are  
also seriously injured.

out.

Mr. A. Saunders, writing from Co-  
conut Grove, Fla., says there has  
been quite an epidemic of diarrhoea  
there. He had a severe attack and  
was cured by four doses of Cham-  
berlain's Colic, Cholera and Diarrhoea  
Remedy. He says he also recom-  
mended it to others and they say it is  
the best medicine they ever used. For

with severe cough and catarrhal fever.  
Although we tried many remedies she  
kept getting worse until we used One  
Minute Cough Cure—it relieved at  
once and cured her in a few days."—

sometimes referred to in the feminine  
gender?" Kydder—"Oh, I suppose  
it's because all big towns have out-

chop a little wood after getting such a  
good meal? You're a poor excuse  
for a man." Pilgrim—"Well, lady,

it?"

## A Narrow Escape.

Thankful words written by Mrs. Ada  
E. Hart, of Groton, S. D. "I was  
taken with a bad cold which settled on  
my lungs; cough set in and finally ter-  
minated in consumption. Four doc-  
tors gave me up, saying I could live  
but a short time. I gave myself up to  
my Savior, determined if I could not  
stay with my friends on earth, I would  
meet my absent ones above. My hus-  
band was advised to get Dr. King's  
New Discovery for Consumption,  
Coughs and Colds. I gave it a trial,  
took in all eight bottles. It has cured  
me, and thank God I am saved and  
now a well and healthy woman. Trial  
bottles free at C. E. Holton's drug  
store. Regular size 50c and \$1.  
Guaranteed or price refunded.

It isn't the bodily sickness that hurts a man. He could stand that fairly well if his mind were easy. But Americans are busy. They have work to do—plans to make—schemes to execute. They are "plunging." They line up their incomes as soon as they receive them or re-invest them with the idea of increase. They cannot afford to be sick. Sickness is a calamity—a financial calamity as well as a physical one. So the sick man worries, and the more he worries, the sicker he grows.

Worry is a good thing at the right time. The minute you feel a symptom of sickness—worry about it—do something about it—cure yourself. When you begin to feel run-down—when a twinge of rheumatism tells you plainly that your blood is impaired—when you are losing flesh and vitality, go to the nearest drug store and get a bottle of Dr. Pierce's Golden Medical Discovery. It is the greatest blood purifier and tissue builder on earth. It cures rheumatism and all other blood diseases by curing the cause. It purifies the blood and puts the blood making organs into good, healthy, working order. It tones up the stomach, stirs up the liver, helps the kidneys in their work and puts suffering nerves at rest. It contains no whisky, alcohol, opium or other dangerous drugs and does not, therefore, create a craving for stimulants or narcotics.

James E. Crumpton, Esq., of Shiloh, Washington Co., Md., writes: "I was in business in Baltimore, and had rheumatism for three months; couldn't walk at all. I tried the best doctors I could get but they did me no good. I took three bottles of Dr. Pierce's Golden Medical Discovery and it cured me sound. I came home to Shiloh and there were three cases of different diseases. I advised the patients to use Dr. Pierce's Discovery, which they did, and all were cured. I have sold over one hundred dollars' worth of your medicine by telling people how it cured me. You can write to our druggist, Mr. G. F. Smith, in our town and he will tell you what I did for you in regard to selling and advertising your great remedies."

# BRIEF LOCAL MATTERS.

Wm. C. Hammer, of Asheboro, came in at noon.

Judge Spencer B. Adams went to Danville today.

Frank Eldridge returned at noon from Mt. Airy White Sulphur Springs.

John M. Hammer left this afternoon for Mt. Airy White Sulphur Springs to spend the remainder of the week.

Miss Eugenia Bumpass will reopen school at her residence, 114 South Mendenhall street, Monday, September 4th.

Robt. M. Phillips, editor and manager of the Telegram, left at noon for Richmond, Va., on business for the Telegram Publishing Company.

Mrs. Margaret Y. Johnson will conduct a kindergarten at her home on West Washington street during the coming season. See reader on front page.

Miss Rosa Paschal, of Pittsboro, who has been spending some time in the mountains, is visiting her aunt, Mrs. A. A. Johnson, on Arlington street.

Miss Erma Webster, of Wilmington, arrived at noon from High Point, and will spend a few days visiting her friend, Miss Carrie McNairy, on Arlington street.

W. A. Tomlinson, of Alexander, Indiana, who has been visiting relatives in the country near here for a week, left at noon for home. While in the city he stopped at the Allen.

Dr. Stewart, of Vanstony's livery stables, performed a very difficult operation upon a horse at the stables this morning. The animal is afflicted with a disease akin to cancer and Mr. Stewart is treating by keeping the formation, in the sore, cut out.

W. L. Ferrell, who has been sick for several days, was taken to Durham this morning to spend some time, in the hope that he may be benefited by the change. Mrs. Ferrell and C. A. Bray accompanied him. Mr. Ferrell is suffering from nervous trouble.

## DEAL NOT YET CLOSED.

Benbow Hotel Property Still Belongs to Captain Fisher.

Capt. Fisher expected to decide by noon today what disposition would be made of the Benbow Hotel property but owing to the non receipt of a letter which will influence his decision he has not yet closed a deal. However, it is almost certain that the property will pass into the hands of Jordan and McDonald who, it is understood, have made arrangements to begin the erection of a modern hostel on the site as soon as is practicable after they gain possession of the property.

Capt. Fisher thinks that he will be able to close the deal in a very few days, possibly by tomorrow.

## Mr. Worth Dead.

The death of Mr. Daniel Worth, of Guilford College, occurred at ten o'clock last night. A false alarm of Mr. Worth's death was published in the papers Saturday. He had been quite ill for some time and it has been known for several days that he could not recover.

He was 75 years old and one of the most honored citizens in his community. He was a brother of State Treasurer Worth and leaves a large number of relatives and innumerable friends to mourn his loss.

## Fifteen New Road Builders.

The Guilford road force was materially augmented by this term of court. The jury recommended many more than a score of offenders for positions on the force, but many of the offenders were petty and Judge Brown suspended judgment upon payment of costs in a number of cases. Fifteen of the law-breakers were unable to get off this light, however, and that number of new hands have been taken to the camps. John Lee, convicted of larceny, got the longest term—two years.

## Married at Pomona.

Licenses were issued at Winston last night for the marriage of the following parties at Pomona: Junius Thornlow to Annie D. Putnam; James Kiser to Mattie Nicholson. It is supposed they were married last night. This information was received by telephone to the Telegram this afternoon.

General Wheeler

Taking in the situation around Manila. Now let Uncle Sam relieve Ota and give the old Buttermilk Ranger a half chance and you'll very soon hear the insurgents calling for the calf rope. The name Buttermilk Ranger was given to our cavalry during the 60s. An army to be victorious must have confidence in their leader. Take the record of General Jackson. Why, the soldiers under him knew no such thing as defeat. And to just say that Jackson's in the rear was enough to throw consternation in the camp of the enemy. Confidence is just as important in the commercial world, and the mere mention of the name

HARRY-BELK BROS. CO.

creates a panic in the mercantile arena. We cannot understand how we can always get in the rear of their prices, but this is easily explained. For we have a leader that knows every bog path that leads to the manufacturing plants of this country and keeps posted. In this way you see we only buy from first hands, thereby saving the middleman's profit. Our buyer spends weeks in the market. Take the army of stores—Charlotte, Greensboro, Monroe, and Union, S. C., and you will at once see that it requires tons upon tons of goods to supply them. Buying so largely we take the entire output of a number of factories. In this way we get the inside prices. Our buyer will soon

....LAND....

in the manufacturing centres of this union and, like Wheeler in the Philippines, you will hear something drop shortly in old Guilford that will astonish the natives. Before it takes place, and in order to make room, we have made JOB COUNTERS in all departments to clean up many valuable lines at half price. Price is no object. The room is what we want and must have. Be quick.
